Regular Paper

LI S, NIU G, DONG XN, LII Z, SONG C and LEN G: Vitamin D Inhibits Activities of
Metalloproteinase-9/-13 in Articular Cartilage In Vivo and In Vitro .............. 107–112
ZAIM E, ASHINO S, OSAKA T, YANAGISAWA N and YAGI J: Effect of Cholecalciferol in
Food Allergy Mouse Model Is Associated with Decrease of CD69⁺ CD4⁺ T
Cells ......................................................... 113–122
FUKUDA S, TANAKA Y, HARADA K, SAWATARI A, KITAOKA K, OĐANI K, AOI W, WADA
S, OGUNI T, ASANO H, HAGIWARA N and HIGASHI A: Male Infants Born to Older
Pregnant Women Are Affected by Maternal Physique at the Beginning of the
Pregnancy through Birth until 18 Months of Age ....................................... 123–131
ESTRADA JA, QUIJANO-JUÁREZ U and CONTRERAS I: Expression of MHC-I and II by
Microglia and Lymphocytes in the Brain of Diet-Restricted Mice ................... 132–141
SERIZAWA N, NISHIMUTA M, KODAMA N, SHIMADA M, YOSHIHATA Y, HONGU N, OTA M
and YANO T: Salt Restriction Affects the Excretions of Minerals (Na, K, Ca, Mg,
P and Zn) in the Second Voided Fasting Early Morning Urine ......................... 142–147
NISHIDA Y, NAKAE S, YAMADA Y, KONDO E, YAMAGUCHI M, SHIRATO H, HIRANO H,
SASAKI S, TANAKA S and KATSUKAWA F: Validity of One-Day Physical Activity
Recall for Estimating Total Energy Expenditure in Elderly Residents at Long-
Term Care Facilities: CLEVical Evaluation of Energy Requirements Study
(CLEVER Study) .................................................. 148–156
PARIDA IS, TAKASU S, ITO J, IKEDA R, YAMAGISHI K, KIMURA T, MIYAZAWA T, EITSUKA
T and NAKAGAWA K: Physiological Effects and Organ Distribution of Bacillus
amyIoliquefaciens AS385 Culture Broth Powder Containing 1-Deoxynojirimycin
in C57BL/6] Mice .................................................. 157–163
HIGO-YAMAMOTO S, YAMAMOTO S, MIYAZAKI K, NAKAKITA Y, KANEKA H, TAKATA Y,
NAKAMURA T and OISHI K: Dietary Heat-Killed Lactobacillus brevis SBC8803
Attenuates Chronic Sleep Disorders Induced by Psychophysiological Stress in
Mice ............................................................. 164–170
YASUZAWA T, MIMA A and UESHIMA S: Antithrombotic Effect of Oral Administration
of Mozuku (Cladosiphon okamuranus, Brown Seaweed) Extract in Rat ............. 171–176

Note

YASUDA J, YOSHIZAKI T, YAMAMOTO K, YOSHINO M, OTA M, KAWAHARA T and KAMEI A:
Association of Frequency of Milk or Dairy Product Consumption with Subjective
Sleep Quality during Training Periods in Japanese Elite Athletes: A Cross-
Sectional Study ....................................................... 177–183
CHAITANYA NCSK, SHUGUFTA K, SUVARNA C, BHOPAL T, MEKALA S, PONNURU H,
MADATHANAPALLI R, PATEL M, ABHYANKAR S, REDDY C and DEVENERI P: A Meta-
Analysis on the Efficacy of Zinc in Oral Mucositis during Cancer Chemo and/or
Radiotherapy—An Evidence-Based Approach ............................................. 184–191
TAGUCHI C, KISHIMOTO Y, TAKEUCHI I, TANAKA M, IWASHIMA T, FUKUSHIMA Y and
KONDO K: Estimated Dietary Polyphenol Intake and Its Seasonal Variations
among Japanese University Students .......................................................... 192–195
KAMOHARA T, KOSHIGUCHI M, MAEDA-YAMAMOTO M, SHINODA Y, KAMETANI N, HIRAI
S and EGASHIRA Y: The Combination of ‘Benifuuki’ with Quercetin Suppresses
Hepatic Fat Accumulation in High-Fat High-Cholesterol Diet-Fed Rats ............ 196–201
MITSUMOTO Y, SATO R, TAGAWA N and KATO I: Rubicisol-6, a δ-Opioid Peptide from
Spinach RubisCO, Exerts Antidepressant-Like Effect in Restraint-Stressed Mice
................................................................. 202–204
OKUYAMA S, KANZAKI T, KOTANI Y, KATOH M, SAWAMOTO A, NAKJIMA M and
FURUKAWA Y: Continual Treatment with the Peels of Citrus kawachiensis (Kawa-
chi Bankan) Protects against Dopaminergic Neuronal Cell Death in a Lipopoly-
saccharide-Induced Model of Parkinson’s Disease ...................................... 205–208

Thanks to Reviewers .................................................................................. 209
